

RESOLUTION NO. 2026-\_\_\_\_\_

A RESOLUTION OF THE LODI CITY COUNCIL AUTHORIZING THE CITY MANAGER TO PURCHASE THE LICENSE RENEWAL OF IT SECURITY END POINT PROTECTION SOFTWARE FROM CDW-G, OF VERNON HILLS ILLINOIS (\$89,256)

=====

WHEREAS, as part of the City's efforts to maintain cyber-security infrastructure and improve the protection of City network assets, the City relies on end point protection software ("Software"); and

WHEREAS, the Software is a behavior-based analytical solution that leverages artificial intelligence and machine learning to identify anomalous activity indicative of cyber threats. The platform can automatically initiate remediation measures, including quarantining infected machines, before an attack can spread throughout the network; and

WHEREAS, the Software solution interfaces with existing firewalls enabling City staff to monitor real-time threats across the City's network as well as providing an extra level of protection by having both endpoints and firewalls correlate information; and

WHEREAS, the purchase is done through a value-added reseller (VAR), CDW-G, as the Software company does not sell this product directly to end customers; and

WHEREAS In accordance with Lodi Municipal Code Section 3.20.077 and the City's Purchasing Policy, the Information Technology Manager has the ability to acquire electronic hardware through negotiation, requests for proposal or competitive bids and award based on "best value" criteria. For this procurement, the Information Technology Manager selected the negotiation method for acquisition of the renewal and associated services for the following reasons:

- IT manufacturers will work with one VAR when creating quotes for products for a single customer.
- Other VARs will not quote a product from the same manufacturer if a prior quote has already been created for a competing VAR for a single customer.

NOW, THEREFORE, BE IT RESOLVED that the Lodi City Council does hereby authorize the purchase of IT security end point protection software from CDW-G, of Vernon Hills, Illinois in the amount of \$89,256 (64299200.77030); and

BE IT FURTHER RESOLVED that the City Manager, or designee, is authorized to sign and issue such documents as necessary to facilitate the purchase of end point protection software; and

BE IT FURTHER RESOLVED, pursuant to Section 6.3q for the City Council Protocol Manual (adopted 11/6/19), Resolution No. 2019-223), the City Attorney is hereby authorized to make minor revisions to the above-referenced document(s) that do not alter the compensation or term, and to make clerical corrections as necessary.

Dated: April 15, 2026
