#### Notes:

##### Quote Assumptions:

- Configuration services are quoted at a fixed fee.
- Quoted fees include configuration services for the identified program only.
- Quoted fees are based on CPR's high-level understanding on review of the final program requirements as provided by Customer prior to the start of program configuration.
- Quoted fees are limited to configurations utilizing the available functionality of PowerClerk. Customer and CPR may mutually agree to Powerclerk enhancements in support of the program requirements at additional cost to Customer.
- Quoted services assumes no PowerClerk custom development is required.
- Customer must provide the final detailed requirements for each workflow status in advance of configuration services to determine final CPR fees.
